Personal Profile

I am a master student at Kyung Hee University, majoring in Artificial Intelligence. I achieved B.S. degree in computer science and engineering from Kyung Hee University in 2023. My research interests include generative models, machine unlearning, few-shot learning and continual learning.

Education

Kyung Hee University

M.S. in Artificial Intelligence

- Advisor: Gyeong-Moon Park

Yongin, Korea

Mar. 2023 - Current

Kyung Hee University

B.S. in Computer Science and Engineering

- GPA: 4.12/4.5
- Advisor: Gyeong-Moon Park

Yongin, Korea

Mar. 2017 - Feb. 2023

Research Interests

- Generative Models
- Machine Unlearning
- Few-Shot Learning
- Continual Learning

Publications

INTERNATIONAL CONFERENCES

Generative Unlearning for Any Identity

Juwon Seo, Sung-Hoon Lee, Tae-Young Lee, Seungjun Moon, Gyeong-Moon Park

IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR), 2024

LFS-GAN: Lifelong Few-Shot Image Generation

Juwon Seo, Ji-Su Kang, Gyeong-Moon Park

IEEE/CVF International Conference on Computer Vision (ICCV), 2023

DOMESTIC CONFERENCES

Few-Shot Image Generation via Learning Disentangled Feature

Juwon Seo, Gyeong-Moon Park

Korea Software Congress (KSC), 2022

Few-Shot Class Incremental Learning via Subspace Regularization with Reusing Novel-Class Weights

Juwon Seo, Minho Park, Gyeong-Moon Park

Korea Computer Congress (KCC), 2022
